FLORIDA CRACKER CATTLE ASSOCIATION SALE

TERMS AND CONDITIONS

1. Each lot will be sold to the highest bidder. The Owner, or owners' representative, has the right to "No-Sale" any lot until the animal leaves the ring. A No-sale fee may be charged.
2. The auctioneer in charge will settle any disputes as to bids, and his decision shall be final.
3. Terms are cash and payment is due from the purchaser immediately after the sale. Purchased animals will not be released until settlement is made. Checks are to be made payable to FCCA.
4. All stock will be ready for immediate shipment within the state of Florida; however, if the livestock is to be shipped to another state, the purchaser must comply with that state's laws. A Market representative can issue the proper forms for interstate shipment. All horses in this sale have proof of a current, negative EIA "Coggins" test.
5. Each animal becomes the risk of the purchaser as soon as sold.
6. Livestock may be left at the sale facility overnight if arrangements are made. They must be removed from the facility by 1:00 p.m. the following Monday.
7. Inspection of the animals prior to the sale will begin at 9:00 a.m. on sale day.
8. Announcements from the auction box will take precedence over printed matter in this catalog. All livestock will be sold by lot number as announced from the auction block.
9. All persons who attend the sale do so at their own risk. The Sumter County Livestock Market and the Florida Cracker Cattle Association assume no liability, legal or otherwise, for the safety of the facilities or premises.
10. The Florida Cracker Cattle Association provides this service as an agent only. Sellers are responsible for accuracy of registrations and buyers are responsible for full payment.
11. Load-out of stock will be in order assigned by sale staff. Participants will be patient and courteous to staff, volunteers and other buyers to facilitate an expedient load-out. Do not pull a stock trailer into the load-out line until you have your paid receipt in hand.
12. Buyers are to pick up Coggins and Registration Papers for each animal before leaving the Sale. This paperwork will be assembled into a folder for each buyer.

Sale Manager - Stephen Monroe
Auctioneer - Col. Daylon Raybon

***THANK YOU FOR SUPPORTING THIS SALE
& DOING YOUR PART IN THE PRESERVATION
OF THESE HISTORICALLY SIGNIFICANT
CATTLE AND HORSES***

The Association is grateful to Mr. Curtis Towman and the Sumter County Livestock Market for hosting this sale. We appreciate the hospitality and hard work that goes into making this Sale successful.

Thanks also to many FCCA volunteers who we could not do without!

Did you notice that the Backtags are being read and recorded Electronically? Sumter Livestock Market is on the cutting edge of incorporating Electronic Tags and Official Identification into their business practices. This modern technology will benefit Animal Disease Traceability and market access! Just think – cattle that descend from the first cattle to set foot in America, over 500 years ago, are now managed with state-of-the art technology. Electronic ID ensures a smooth and accurate flow of the sale. Thanks to the company MicroTraks for the Electronic Backtags – they support the Markets technology.

The Florida Cracker Cattle Association is particularly grateful to Mr. Curtis Towman and the excellent staff of the Sumter County Livestock Market for hosting this annual sale since 2020.

We appreciate dedication and hard work of our member volunteers who make these events successful.

Please contact the FCCA if we can assist you in any way:
